## INSURGENTS TO GET NO QUARTER

Opponents of Taft's Programme Will Get No Patronage.

### MILLER BLOWS OFF THE LID

Minnesota Congressman Chiefly Instrumental in Bringing the Trouble to a Head—His Recommendations for Presidential Postmasterhips Held Up Because of His Insurgent Activities in the House.

Washington, Jan. 5.—War without quarter will be waged between the Taft administration and such Republican "insurgents" in congress as are now opposing, and who oppose in the future, the Taft legislative programme. The battle is not with the tariff insurgents who quietly sheathed their blades after defeat, but with those who nursed disappointment and are setting their knives publicly in anticipation of continued conflict.

The battle broke suddenly. At first it was a single shot; then a scattered firing; swiftly the thing spread, until it has taken on the aspects of a general engagement, the consequences of which cannot be foretold. The substance of it is that the senators and congressmen who have taken a stand against the present administration and who continue to align themselves with the opposition to the president's policies are to receive no consideration in matters of patronage.

Utterances such as that made by Senator Cummings at a recent dinner in Des Moines, by Senator Bristow in previous speeches, anti-Taft articles in

REPRESENTATIVE MILLER.

Senator La Follette's magazine, and a recent interview by Senator Clapp on the price of foodstuffs are said to have stirred the president to action.

#### Taft Heeds Their Advice.

It had been reported further that some of the Republican insurgents in the house have tried to secure appointment under the administration of men more or less openly out of harmony with the Taft regime. Mr. Taft's closest friends advised him that it would be impolitic for him to afford sinecures of war to those, who, they warned him, might even co-operate with the Democrats in congress against the Taft legislative programme and in the country at large by creating anti-Taft sentiment in advance of the 1912 convention.

It is stated without reserve that the president has listened to such advice and has decided to follow it.

In support of the position taken by certain leaders of the administration that the battle is not with the tariff insurgents, Senators Nelson, Brown, Burkett and Borah, all of whom voted against the Payne-Aldrich tariff bill, appear to be persona grata at the White House, postoffice department, land office and internal revenue bureau where federal "pie" is served.

No politician who would discuss the situation at all dared hazard an opinion as to the political outcome of the contest. Some insisted that it would arouse bitter opposition to President Taft, while others declared that the effect would be to make all Republicans line up for or against the president and "smoke out" those who have carefully kept a neutral position.

Representative Miller of the Eighth Minnesota district was the man chiefly instrumental in "blowing the lid off" of the situation. He did it by a statement to the effect that Postmaster General Hitchcock had informed him that his (Miller's) recommendations for presidential postmasterhips were being held up because of his insurgent activities in the house.

### KILLS WOMAN AND HIMSELF

Jealous Man Commits Double Crime With Knife.

Dubuque, Ia., Jan. 5.—Maddened by jealousy, it is said R. Bainbridge, twenty-five years old, killed Mrs. Matt Mertes, thirty-five years old, by cutting her throat at her home in East Dubuque. Bainbridge then went to a saloon two miles from the Mertes home and cut his own throat. He died shortly afterward.

### ANDREE'S BALLOON FOUND

Trappers Believe That Indians Have Discovered It.

Prince Albert, Sask., Jan. 5.—The finding of Andree's balloon at Reindeer Lake, in the Arctic circle, 900 miles north of here, is thoroughly believed by trappers and prospectors, many of whom have spent a lifetime in the northern wilds. They know that when such a story is circulated among the Indians there must be truth in it.

There has come from the north a Hudson Bay company trader, and he confirms the story and adds many interesting details which are so confirmatory that a party will be sent to bring back the relics.

According to the stories told by the Indians around Fort Goodhope, the balloon was seen drifting from the north, so it is believed that Andree and not Peary was the first to reach the pole. The trader says the Indians have several books which were found in the basket of the balloon, and from what he has heard these are the records kept by Andree of his trip across the north.

### IOWA INVENTOR ENRICHED

Truck Gardener Sells Death-Dealing Torpedo to Government.

Eldora, Ia., Jan. 5.—After being poor all his life Fred Ikerman, a truck gardener of Eldora, finds himself a rich man by the invention of a torpedo that has been adopted by the government for use in coast defense. The government has paid Ikerman \$100,000 for his invention, and Ikerman will forsake his little garden patch for a \$20,000 fruit farm near Kansas City Mo.

Ikerman has just returned from an extended cruise on the battleship Texas, where he watched the tests of his new torpedo. One naval officer is quoted as saying that with twelve men and enough of Ikerman's torpedoes he could withstand an attack by the combined navies of the world.

### SAFES IN BIG HOTELS.

Valuables Kept in Them by Guests For Years at a Time.

A woman walked up to the counter of a fashionable hotel and asked for a package of valuables which was in the safe.

"If I had not wanted one particular thing I suppose I should have left the package where it was for another three years," she said to the clerk.

"Yes," said the clerk in answer to a question after the woman left, "that packet had really been in our safe for three years. Why, we have all sorts of valuable papers, jewelry and even money that are intrusted to our keeping for years at a time. People seem to prefer a hotel safe to a safety deposit vault. One reason perhaps is that it costs nothing. Another is that the standard of hotel clerks has improved."

"It is astonishing the amount of jewelry that people keep in hotel safes. Of course the owners have originally stopped in the hotel, but they go away, leaving their valuables, and I have known such persons to be gone as much as two years and never make an inquiry about their property in that time."

"To show you how much confidence people have in hotels and their employees I might mention that the other day a man came in here and put four \$1,000 bills in an envelope, wrote his name on the latter and asked me to put it in the safe. Not long ago another man actually did the same thing with seven \$10,000 bills."

The clerks of several other hotels talked in a similar strain without any outside suggestion.

"I'll bet I have handled more than a million dollars' worth of jewelry to-day," said one. "Look here," and he opened the safe and piled six or eight big jewelry cases on the counter, but hurriedly put them back. "In one of those I know there is over \$200,000 worth, and what I showed you was only a few of what the safe contains."

### Snowslide Takes Two Lives.

Cordova, Alaska, Jan. 5.—Harry Curtis Elliott of Chicago, president of the Elliott Hubbard Copper company, and H. Y. Greer of Seattle were killed in a snowslide at the company's property at Elliott creek, 100 miles northwest of Cordova.

#### A Change.

"Did you enjoy the visit to the city?" "Well," answered Farmer Cortosell, "it was something of a change to see the sign 'Beware of P-kpockets' in the depot instead of 'Look Out For the Locomotive' here at the grade crossin'."

—Washington Star.

#### Spartan Self Denial.

When Mr. D., known to be miserly, but not believed to be a miser, was approached delicately for a contribution to the organ fund, he shook his head courteously, but with an air of finality.

"Charity," he said, "is a pleasure one must do without."

#### Nothing of the Kind.

Mrs. Askit—When she's abroad does she hobnob with royalty? Mrs. No-nought—Mercy, no! Her behavior is always extremely proper.—Smart Set.

### BLAST KILLS THREE MEN

Several Others Frightfully Burned at Buffalo, N. Y.

Buffalo, N. Y., Jan. 5.—Three men were killed and nine were frightfully burned in an explosion and fire which destroyed the plant of the Buffalo Cement company here. The explosion occurred in a corn mill. A concrete and brick elevator 140 feet high, adjoining it, was shattered by the explosion and fell through the roof of the mill. Of the twelve men employed in the elevator not one escaped injury.

The explosion is believed to have been caused by spontaneous combustion in grain dust. The rapid spread of the flames made the work of rescue perilous.

At the hospital it was said that eight of the injured men have but slight chances for recovery. The loss is \$75,000.

### TOY PISTOLS FATAL TO TWO

Third Victim is Expected to Die From Tetanus.

Sikeston, Mo., Jan. 5.—Tetanus contracted from toy pistols given as Christmas presents caused the death of two twelve-year-old boys, sons of L. A. Rector and Robert Thomas. The boys suffered agony for several days. Their playmate, Noah Randolph, thirteen years old, is in a serious condition from tetanus, also caused by infection from Christmas pistols. His death is expected.

### TAFT REVERTS TO HIS ORIGINAL PLAN

One Message to Cover Views on Rate and Anti-Trust Laws.

Washington, Jan. 5.—After a conference with Senators Aldrich and Root and Attorney General Wickersham, President Taft decided to revert to his original plan of combining his views as to amendments to the interstate commerce and anti-trust laws in one message, which he will send to congress Thursday noon.

This decision on the part of the president is said to be final. The combined message will be about 8,000 words in length.

The president had been urged by some senators to treat the two subjects in separate papers and announcement was made that this would be done. The time that the messages should go forward to congress has been subject to frequent changes on account of various consultations with the president desired to have. These conferences have been completed and so have the messages, which, combined in the one document, were sent to the government printing office.

At the conclusion of the conference between the president and Senators Aldrich and Root it was announced that the president's proposed railroad legislation would be given the right of way in both senate and house.

The further assurance was given that the proposed changes in the railroad laws will be written in the statute books during the session. There will be some opposition to the rather drastic legislation which the president will recommend, but this will be overcome, it is said, and the president will be supported in both branches of congress.

### WHITE HOUSE RECEPTION

Given in Honor of the Diplomatic Corps.

Washington, Jan. 5.—The first and probably the most brilliant of the formal state receptions planned for the present White House season was given by President and Mrs. Taft in honor of the diplomatic corps. Some 1,500 guests in all were invited.

The reception marked a change in the manner of conducting the great state affairs at the White House and for the first time in many administrations refreshments were served. The "Blue room circle" which flourished during the Roosevelt administrations, when a selected coterie of social friends were invited "behind the line," was entirely done away with.

The number of invitations issued to each of the big receptions has been materially reduced by Mrs. Taft, whose idea is said to be that every guest present should feel himself or herself the personal guest of the president and his wife, and all should be treated alike.

#### Storm Cause of Collision.

Des Moines, Jan. 5.—A blinding snow storm which prevented him from seeing ahead caused the engineer of the westbound Rocky Mountain limited on the Rock Island to run his engine into an extra Wabash freight. No one was injured, but a mail car was derailed and three freight cars derailed. A fierce snow storm has been raging here and all over Iowa for the past eighteen hours.

#### Will Not Alter Decision.

Copenhagen, Jan. 5.—Dr. Frederick A. Cook's original notes have arrived here and will be examined by the committee immediately. Rector Salomonson says, however, that the investigation will not alter the committee's judgment. He has seen the notebooks and is still convinced that the explorer's claim to the discovery of the pole is not bona fide.

## HEAVY WIND FANS FLAMES

South Dakota Town Narrowly Escapes Destruction.

### PROPERTY LOSS VERY LARGE

Entire South Side of Main Street in Castlewood Wiped Out by Fire—Aid Summoned From Watertown and Flames Finally Are Checked—Many Persons Have Narrow Escapes.

Watertown, S. D., Jan. 5.—The town of Castlewood, eighteen miles south, narrowly missed being wiped out by fire during a heavy wind.

The entire south side of Main street is in ashes, entailing a loss estimated at \$180,000, about half insured. Twelve buildings are gutted and the fire did not stop until the last building on that side of the street was destroyed. The fire started in Miller's hardware store and, fanned by a high wind, spread rapidly. Ten minutes after the fire started two buildings were in flames and the entire block was threatened.

Messages came to this city asking for aid and thirty men with fire apparatus responded on a special train. At one time it was feared the entire business district would be destroyed. When four buildings were gone an attempt was made to check the flames by dynamiting two stores, but the wind carried the flames over the ruins and continued to spread. The fire burned itself out on the extreme edge of Main street.

#### Losses From the Fire.

The losses are as follows: Miller's hardware store, \$10,000; pool hall, \$4,000; Ellison's restaurant, \$4,000; Dr. Crawford's office, \$2,000; Newton's clothing store, \$30,000; Shank's jewelry store, \$15,000; real estate office, \$1,000; Holly's general store, \$35,000; Heilholz & Horn's meat market, \$5,000; Getty's barber shop, \$3,000; Bennett's harness shop, implement sheds and office, \$50,000; residence and land office, \$4,000.

The origin of the fire is not known. Many narrow escapes are due to the fact that the fire spread so rapidly and during the hour when most of the people were home to supper. A band of citizens is now watching the burning embers to prevent the wind from causing another fire.

In some instances small portions of stock were saved from the fire only to be damaged by drifting snow, which piled high as the blizzard raged. Several persons are suffering from frozen hands while aiding in the work of fighting the flames.

### CLERK AND MONEY MISSING

Minnesota City Official Short in His Accounts.

East Grand Forks, Minn., Jan. 5.—As a result of investigation the outgoing city council here just made on the books of ex-City Clerk C. P. Zimmerman it is found that there is a shortage of \$4,500, accruing during the past year, being mostly money received through the city's lighting system.

The city council has authorized City Attorney Finlayson to take action against the Metropolitan Surety company to recover the city's loss, the company being on Zimmerman's bond. It was reported that the \$12,000 of water works money had not been accounted for as yet, but it is not known whether this amount will be found in Zimmerman's list of alleged embezzlements or not.

Zimmerman's alleged downfall, it is said, is due to high and fast living. Zimmerman left the city on Dec. 9, presumably to visit relatives, but nothing has been heard of him since.

### TWO SWITCHMEN ARE KILLED

One of the Northern Pacific's Oldest Employees a Victim.

Fargo, N. D., Jan. 5.—At Dilworth, Minn., Henry W. Smith of Moorhead, fifty years old, one of the oldest employees on the Northern Pacific railroad, was instantly killed. He was cleaning a switch when the switch engine ran him down, smashing his head, breaking both legs and cutting off an arm.

Frank Graff, thirty years old, one of the strikebreaking switchmen, was instantly killed in the yards of the Northern Pacific in Fargo by being run down by freight cars. Both legs were broken, his head crushed and both arms broken. He came here from Toledo, O.

#### Woman Aviator Injured.

Paris, Jan. 5.—While conducting her experiments in a Voisin biplane near Champs Elysees, the woman aviator, was injured when her machine struck some trees. Madame de la Roche was internally injured and her shoulder is believed to have been dislocated.

#### Will Deliver Nobel Lecture.

Christiania, Jan. 5.—Herbert H. D. Peirce, the American minister to Norway, has informed the Nobel prize committee that ex-President Roosevelt, after his visit to Berlin, will come to Christiania to deliver his Nobel lecture.

### FURTHER MERGERS PLANNED

Morgan and His Associates Seek to Control More Trust Companies.

New York, Jan. 5.—J. Pierpont Morgan and associates may control through further trust company mergers in New York under consideration, the enormous sum of \$210,000,000 in deposits alone. This is approximately \$25,000,000 more than the deposits of the National City bank of this city, the largest financial institution in the United States.

Reports of additional trust company consolidation are given credence in view of the announcement of the merger by J. P. Morgan & Co. of the Guaranty Trust company, Morgan Trust company and Fifth Avenue Trust company, with combined deposits of about \$150,000,000. This brought a revival in the financial district of rumors embracing the Bankers' Trust and the Manhattan Trust companies in the same combination. There were rumors that the Mercantile Trust company and the Equitable Trust company eventually will be taken into some sort of powerful alliance.

National banking interests do not look with uniform favor on the increase in trust company power.

#### Farmer Crushed to Death.

Paynesville, Minn., Jan. 5.—Henry F. Miller was fatally crushed by being caught under a building which he and his neighbors were moving. He was a prosperous and respected young farmer of Zion township. He leaves a wife and one son.

## STORMY MEETING WITHOUT RESULT

Butte Miners Fail to Vote on Committee's Report.

Butte, Mont., Jan. 5.—After a stormy meeting of the Butte Miners' union in which pandemonium reigned, doors were battered down and the rank and file were tangled up in parliamentary snarls, it was announced by leaders of the miners that no vote had been taken on the question of endorsing the report of the Western Federation of Miners' committee for ending the strike of the Great Northern switchmen at Great Falls to enable the resumption of the Amalgamated Copper company smelter at that city and the Boston and Montana mines in Butte.

President Holland of the union said that, as the conferees had not signed the report, the miners had nothing before them on which to vote, consequently took no action.

At a meeting of the union Sunday afternoon the union by a vote decided to lay to rest the report of the conference committee upon the table. The action of the miners is believed to be tantamount to an evasion of acting on the conference report, and according to what was practically an ultimatum issued by John D. Ryan, president of the Amalgamated Copper company, will mean the closing down of every Amalgamated mine and smelter in Montana and will force about 15,000 men in Montana into idleness and probably about 2,000 in Wyoming.

President Ryan had every mine suspend operations to enable the miners to express themselves upon the subject, and in view of the action taken the resumption of the mines is regarded as very improbable.

The Butte smeltermen at their meeting voted to endorse the conferees' report by an overwhelming vote. This report provided that the Great Falls smeltermen furnish guards for the strikebreaking switchmen there to enable the smelters to resume work.

#### Blows Out His Brains.

Yankton, S. D., Jan. 5.—Robert Law, thirty-seven years of age, single, committed suicide by blowing out his brains with a shotgun at his farm four miles from town. He was a prosperous farmer and resided with his three brothers and a sister. He had attempted suicide on a former occasion by hanging, but was rescued.

#### One Train Brakeman Killed.

Duluth, Jan. 5.—Louis Dush, a brakeman employed on one of the nine trains operating in and out of the Holman mine, near Grand Rapids, was accidentally killed. The train broke in two and Dush fell and received fatal injuries.

#### No Coal at Iowa University.

Iowa City, Ia., Jan. 5.—A coal famine has compelled the authorities of the University of Iowa to close the institution until fuel can be secured from Illinois. Aside from the hospital, no building has been heated thus far the current week.

### BATTLE MAY SOON OCCUR

Estrada's Army on the Way to Managua.

Washington, Jan. 5.—There will be a battle between the Estrada and the Madriz forces in Nicaragua within the next three or four days, it is believed by Central American representatives here.

According to private information received here Estrada's army has reached Los Chilos and possibly has left there already. Those who know the nature of the territory over which the advancing troops must march say that they should be near Managua in about two days and that fighting probably will begin a day or two later.

## BAD BLIZZARD IN THE NORTHWEST

### PLANS HATCHET CAMPAIGN

Mrs. Nation Would See That Laws Are Obeyed.

Watertown, S. D., Jan. 5.—That the "anti" laws of South Dakota, particularly the anti-cigarette and the anti-public treating laws, are not being enforced, and that she will at once take steps to organize a hatchet campaign with the object in view of smashing places that fail to conform to these laws was the declaration of Carrie A. Nation, who has arrived in Watertown. Mrs. Nation says she will not desist until the laws are enforced to the letter.

#### Homesteader Frozen to Death.

Saskatoon, Sask., Jan. 5.—At Zealandia a homesteader named Thomas Russell was frozen to death. He was hauling coal with a friend when their horses tired out. His companion set out on foot for help and when the rescue party found Russell he was frozen stiff. It is also said two other men are lost, but whether they have been located is not known.

#### Negroes Sentenced to Death.

Kansas City, Jan. 5.—George Reynolds and John Williams, negroes, were found guilty by a jury of assaulting Mrs. W. F. Jackson and their sentence was fixed at death by hanging. The verdict was found on the first ballot.

#### A RESTRAINING HAND.

Its Action Followed by a Voice That Warned.

"Patrick H. McCarren once told me of a funny incident that happened in Rome," said a Brooklyn lawyer, "McCarren said that on his first visit to Rome, after he had seen the Coliseum and the Forum, he visited the Ara Coeli church, on the left of the Capitoline hill. He climbed the grand stairway leading to the church, the finest open air stairway in the world. He pushed back the heavy leather curtain, and, entering, he found a service in progress. So he put his hat on the marble floor at his side and took a seat.

"After ten minutes or so he decided he would go and reached down for his hat. But a restraining hand was laid on his, and he desisted. He knew, of course, that some churches don't like people to leave in the midst of a service.

"Ten or fifteen minutes more passed. The service still continued. Senator McCarren got impatient and again reached for his hat. But again the unseen hand restrained him from the rear.

"A little later, however, the senator quite lost patience. This was, he told himself, an important service, of course. Nevertheless he did not propose to miss his luncheon, and it would harm no one if he slipped out quietly.

"So a third time he reached for his hat, and the invisible hand a third time detained him. He persevered, however. The silent hand pushed, and his silent hand pushed against it. But just as he was conquering in the struggle a voice said in good American: "'Cheese it, boss; that's my hat you're taking.'"—Exchange.

## Unusual Cold Follows in Wake of the Storm.

### TWO ARE FROZEN TO DEATH

Wisconsin Farmer and a Montana Ranchman Victims of the Cold. North Dakota Man May Die From Exposure—Feared Cattle on Ranges West of the Missouri River Will Suffer Greatly.

St. Paul, Jan. 5.—Unusual cold in some parts of the two Dakotas reaching 30 below zero, is trailing a blizzard, the worst of the season, which hovered over St. Paul and points in Wisconsin.

Two deaths and another near death were the only very serious results of the visitation of the arctic.

Gerald Walker was found four miles southwest of Judith Gap, Mont., frozen to death. He was caught in a blizzard while going back to rejoin his wife on their ranch where she was staying alone. His friends sought to dissuade him from leaving town, but he insisted he could not leave his wife alone. He was lost in the blizzard and had wandered far from the correct road.

A farmer, named Isakson, living near Lake Coteau, Wis., froze to death while driving from his farm to Flat Lake, north of Birchwood, near Couderay. He was going into the woods to haul logs for his brother, who is logging near Flat Lake. It is claimed he was intoxicated when he left his farm. He was found by farmers, sitting upright on his seat, the horses still proceeding aimlessly along the road.

Oscar Melehorn, twenty-five years old, was brought in to a Bismarck (N. D.) hospital from Dogden, near there, suffering from frozen parts of the body, and it is thought Melehorn may die. His hands and feet will be amputated.

#### Turned Out of Farmhouse.

Melehorn claims he was turned out of the farmhouse of a neighbor with whom he sought refuge, his own fire having died out. He was unable to endure the cold in his home, and started twelve miles through the cold for Dogden. The last two miles of his journey was made on his hands and knees, his feet having become so benumbed that he was unable to balance himself on them any more. He was found in the streets of Dogden. An examination of his trail shows that he did not come into town in a straight line, but staggered great distances out of his path, the direct roads being concealed beneath drifts of snow.

Notwithstanding reports of possible famine in the Dakotas, all points report plentiful supplies. The coal supply is adequate and there is no general suffering. It is feared that cattle on the ranges west of the Missouri river will suffer greatly. The storm is said to surpass anything of the kind since 1888. There is no train service into Aberdeen and little train movement in South Dakota.

Will Andrews came down from Outing on the M. & I. and will stay over until tomorrow.

Dr. Elmer Nicholson was called to Pillager on the noon train on professional business.

Mrs. S. B. Christopher went to Pequot this afternoon to visit her parents at that place.

Mrs. F. C. Cole, came in from Deerwood on the noon train to spend a few days with friends.

Mrs. W. S. Rounds is confined to her home suffering from a severe attack of W. E. Parris, of Minneapolis, is spending a couple of weeks in the city, the guests of several friends.

H. I. Cohen returned last night from Chicago. Mrs. Cohen will remain for a more extended visit.

Mrs. Burt Mooers returned today from Montevideo, at which place she has spent the holidays with her relatives.

Mrs. Albertus Hanson returned today from Albert Lea, at which place she has been spending the last two weeks.

Mrs. F. C. Peabody, of Merrifield, was operated on yesterday at St. Joseph's hospital and is reported as doing nicely.

Mr. and Mrs. Al Cowles and daughter Margaurite, left for Detroit, Minn., after spending a few days in Brainerd.

Mrs. Clara Hough and daughter, came down from Pequot and will stay awhile with her brother, Robert Tuttle and family.

Misses Mabel and Hary Stuart, of Minneapolis, who have been visiting at the home of John Mann, left yesterday for their home.

Word was received from St. Paul yesterday, that Dr. Joseph Nicholson is rapidly improving and that he was able to be around again.

W. G. Hoerr, of Mankato, came up last night to look after several civil cases which will come on later and in which he is interested.

Miss Bernice Mallory, of New

Brunswick, is visiting for a couple of weeks at the home of F. J. Slipp. She is a niece of the Slipp Bros.

D. M. Clark & Co. are prepared to do business again. They are located in the Gardner block. All orders will receive prompt attention. 128tf

Lyle Roach, of Hope, N. D., came down this afternoon from the west and will visit with his relatives, John Larson and family, of East Brainerd.

Mr. and Mrs. E. A. Shaw, of Frazer, Minn., who have been visiting at the home of Mrs. Hattie Paine and family, left yesterday for their home.

Mr. and Mrs. C. W. Warner, of Millbank, N. D., left for their home on the noon train after spending a couple of weeks at the home of A. B. Cunningham.

E. Woodbury left this afternoon for International Falls, at which place he conducts the installation of officers in connection with the Royal Yeomen of America.

Ezra Smith returned yesterday from Chicago and other points of interest. He was one of the number who enjoyed the trip given their agents by the Pence Auto Co.

M. E. Hitch, brother of H. H. Hitch, of this city, and also business partner, was married yesterday at

Claremont, Iowa, and will return to this city to make his home here next month.

The annual meeting of the county commissioners took place at the court house yesterday, all being present. J. A. Erickson was reelected chairman and C. A. Krech vice president. The proceedings will be printed later.

The card party given by the Degree of Honor at Elks' hall last night was a very pleasant occasion and was greatly enjoyed by those present. The lady's prize was awarded Sarah Linnemann and the gentleman's prize to August Hallquist. Mrs. Moses Derocher, Jr., was awarded the consolation prize.

Clarence Hill, well known in this city, returned last night to Bovey, after having visited with Bemidji friends for a week past. Mr. Hill is now head clerk in the Fitger hotel, at Bovey. He was once clerk at the Hotel Markham, the latter officiated at the desk in the Merchants hotel, leaving here last July for Bovey, where he has since resided.—Bemidji Pioneer.

Gust Pantoline, a farmer, living 3 miles west of town, found himself in municipal court this morning charged with being drunk. They

fined him \$5 and costs, suspending his sentence for a week. From what he said he was more interested in a couple of bottles of whiskey which he supposed he had when arrested and which were not on hand when he came to himself, than in the fine.

Lon Everett, the well known cement contractor, is having a serious time of it with his hand. About a couple of months ago while at international Falls filling a contract, he accidentally caught his hand in the cement mixer and got it badly crushed. The surgeons of that city dressed it and had him stay a few days before coming to Brainerd. Since returning home several operations have had to be performed upon it and he is at present at the St. Joseph's hospital.

M. K. Swartz has just received a piece of good news thru the daily papers. About two years ago Mr. Swartz made application for the purchase of 160 acres of land in Douglas county, Oregon, from the California and Oregon land grant, at a nominal figure. In some way those who made application for land and getting the same have been in a dilemma as to whether they would get the same it having gone into the courts. It was

recently decided in the applicants favor. Mr. Swartz was fortunate in getting a fine piece of land and is naturally pleased with the outcome.

#### At the Congregational Church

The service last evening at the Methodist Episcopal church was large attended, and those present heard two excellent addresses on great themes. The preacher of the evening was Rev. C. B. Hilton, of the First Baptist church, and he took for his theme, "Foundations, Unshaken, Immovable" and gave a message that was to the point. The speaker handled atheism in a scholarly way, and then gave a brief outline of theism, and then said that the "Foundation Immovable" was composed of God, Bible, Christ and man's religious nature. Rev. W. J. Lowrie, of the Presbyterian church followed Rev. Hilton, with a stirring plea for thinking men and women to build their lives upon such a foundation.

The service tonight will be held in the First Congregational church, where the Rev. W. J. Lowrie will speak on "The Church of God on Earth," and will be followed by Rev. C. B. Hilton. The services commence promptly at 7:45.

## BIG LAWSUIT JUST INSTITUTED

First Big Suit as a Result of the Iron Industry Just Developing in This County TO RECOVER VALUABLE LAND

\$250,000 Suit Brought to Set Aside Deeds to Lands on the Cuyuna Iron Range

A big lawsuit is the latest news in connection with developments on Cuyuna Range, involving valuable iron lands. Suit is brought to recover lands valued at millions together with \$250,000.00 cash damages.

A lis pendens was filed last week in the Register of Deeds office in Brainerd, Minn., on the NE 1/4 of NW 1/4 Sec. 11, T. 46, R. 29 together with other lands in all about 800 acres in townships 46 and 47, Range 29, and suit commenced by Northwestern Fireproofing Co., of Minneapolis, against Joseph J. Hennen of St. Paul and Andrew Johnson, of Feeley, Minn. The suit is brought to set aside the deeds now held by Hennen and Johnson to recover \$250,000.00 in cash as damages.

It is alleged that the Northwestern Fireproofing Co. entered into an agreement with the Minnesota Land Corporation to purchase these lands about a year ago for \$10,000 the negotiations being carried on through F. E. Oberg and N. P. Emil Carlson with Hennen who was employed by Minnesota Land Corporation, the money was paid in escrow and everything done according to agreement, then it is alleged that Hennen in conspiracy with Johnson secured these lands for a much smaller sum, the lands being deeded to Johnson and he afterwards deeding a certain portion to Hennen, so in reality it is alleged was bought for both.

The forty in Sec. 11, T. 45, R. 29, is estimated to be worth millions alone, to say nothing about the other lands involved, as this is practically explored. C. J. Oberg owns the land to the north of this forty which is held by lease by B. Magoffin, Jr., and which is now being explored and according to reports is one of the best properties on the range. On the east of this forty is the Thos. Keating property, leased by Crosby, which is also considered one of the best, the forty adjoining to the NE is held under state lease by Crosby. The Rogers-Brown Ore Co., who have a thirty day option to purchase the state lease from Mr. Crosby for \$100,000 besides paying the state 25 cents per ton, Rogers-Brown Ore Co. now have 11 drills on this forty alone working every day and Sunday.

This case will come up in the May term of court and promises to be one of the most important cases on the spring calendar, and the developments will be watched for with interest in this community.—Cuyuna Range News.

### START DRAMATIC COMPANY

Members of the Y. M. C. A. Start an Organization and Give Performance

A brand new dramatic company will give their first performance on Saturday afternoon at 3:00 o'clock, and in the evening at 8:00, with the charges of admission being fixed at 15 cents for the matinee and 25 cents for the evening. The new dramatic club has been started under the management of Geo. E. Anderson, acting secretary of the Y. M. C. A. and the proceeds will go to that institution.

The piece which the young men with histrionic ability will put on next Saturday is a comedy drama in two acts, "Vacation," and by those who have seen the rehearsals it is pronounced as being "fine."

The cast comprises of six young men, while specialties will be given between acts. The play will be staged in the billiard room and no stone will be left unturned to make it a decided hit. An orchestra will be on hand and furnish music.

Next spring the dramatic club intend putting on a play in which the cast will be much enlarged and in which they hope to enlist the patronage of the public.

### Annual Meeting of Bank

The annual meeting of the Security State Bank took place yesterday in the bank building. A large gathering of the stockholders were on hand. The following officers were elected:

President—Geo. Storck.  
V. Pres.—H. J. Hage.  
Cashier—E. A. Storck.

The stockholders were much pleased with the conditions of things and the new year will find the bank with a bright outlook.

General Supt. C. B. Cooper of the Northern Express company has sent out the following letter to agents in this state:

"To agent: On and after Dec. 27, 1909, intoxicating liquors must not be accepted for forwarding to any of the following offices: Audubon, Benedict, Detroit, Dugdale, Heiberg, Fleming, Frazee, Guthrie, Kabekona, Lake Park, Laporte, Lees, McHugh, Nary, Norman, Twin Valley.

Agents will immediately notify shippers of intoxicating liquors and employes authorized to receipt for such shipments, to refuse them. Agents at above named points will refuse to deliver shipments containing intoxicating liquor and will return them to shippers by first train."

### NO MORE WORK THIS WINTER

Cuyuna Construction Crew Removed to Ironhub...Track Reached Mine Monday Night

The Cuyuna construction crew's boarding cars have been moved to Ironhub, the new townsite west of here, where a siding has been laid to accommodate it. The favorable weather has been of help to the work and the track was to have reached the mines last night. No further work will be done on the Cuyuna branch this winter but the track crew will lay steel from Lawler to Palisade, the new river town at Moose Rapids, at once. The work of ballasting will not be taken up until after the snow is off in the spring.—Aitkin Age.

### Election of Officers

The Brainerd Ministerial Association held their regular Monday afternoon meeting, listening to a paper read by the Rev. David Groenig, of the German Evangelical church, on "The Work of the Ministry." The paper was thoroughly discussed. The association recently added several new members and start the year with a splendid program prepared for each week. The following are the officers for the ensuing year:

President—Rev. C. B. Hilton.  
V. P.—O. S. Jacobson.  
Sec. Treas.—Rev. J. A. Caskey.  
Program Committee—Rev. W. J. Lowrie, Rev. Hugo Thorene.

## GRAND LARCENY SECOND DEGREE

Jury Finds Herbert Sargent Guilty After an all Day and all Night Debate

### CHANGED PLEA TO GUILTY

Peterson Fined \$50 by Judge on Charge of Running Saloon Without License

In the case of the State of Minnesota vs. Herbert Sargent, the jury, after being out from 11:45 yesterday morning, brought in a verdict at 9:50 this morning of grand larceny in the second degree.

In the case of the State of Minnesota against Charles Peterson, who was charged with running a saloon without a license, and who had previously pleaded not guilty, changed his plea to guilty, the judge imposing a fine of \$50 or 60 days in prison. He paid the fine.

The court was busy this morning in drawing a jury to try the civil case in which P. V. Collins, of Minneapolis, editor and proprietor of the Northwestern Agriculturist, and A. L. Hoffman, Charles Hoffman and T. C. Blewitt are interested.

### MUTUAL COMPANY MEETS

The Klondyke Farmers' Townsite Mutual Insurance Co. Holds Annual Meeting

Deerwood, Minn., Jan. 4.—The Klondyke Farmers' Townsite Mutual Insurance Co. held its annual meeting here today. The following directors were elected:

A. W. Nelson, F. J. Winkquist, Alfred Johnson, Gust Olander, Frank Berglund, Olson Skau and A. Williams.

After their election the board of directors held a meeting and elected the following officers:

Pres.—A. W. Nelson.  
V. P.—Frank W. Berglund.  
Sec.—Ed. Winkquist.  
Treas.—Alfred Johnson.

The company has paid losses during the past year to the amount of \$1691.29 and other expenses amounting to \$555.44. There are unpaid losses amounting to \$431.00.

### MUSIC AND DRAMA

The bill at the Bijou this week is very pleasing. The vaudeville offering is a musical act by Herbert Vance, who are musical artists of ability. The pictures are very fine, the headliner the "Heroism of Mafeking" being particularly pleasing, and also instructive as it shows an incident in the recent Boer war. Alfred Mraz is rendering the vocal selections at this theatre this week, which adds to the enjoyment of the bill.

### REFUSES TO COMPROMISE

Wisconsin Man Wants All His Land Back.

La Crosse, Wis., Jan. 3.—Attorneys representing Jole Storey, an Oregon millionaire lumberman, wired to Horace McKinley, land grafter, who is here after finishing a two-year sentence in Oregon, offering to settle out of court the suit started against Storey by Henry A. Salzer, a wealthy seed man of La Crosse.

Salzer is suing to recover 6,800 acres of timber land, alleged by Salzer to belong to him and to be held by Storey and others under fraudulent title.

Storey, who is a former La Crosse politician, has already sold all but 4,500 acres. He offers to give Salzer 2,500 acres, retaining 2,000 acres, or to give Salzer the 4,500 acres upon receipt of \$5,000, provided Salzer will withdraw the suit. Salzer, through McKinley, who has promised to attempt to force restitution from Storey and his partner, wired Storey he would accept no compromise, and that it "must be 6,800 acres or suit."

### Ozone and Water.

Ozone is the best agent for purifying water, because it adds nothing except oxygen, which assists in aeration.

The Maltese are mainly the last surviving remnant of the Carthaginian branch of the old Phoenician people. Malta was the halfway station between Carthage and Sicily, long held by the Carthaginians and of which Hamlicar, the father of Hannibal, was at one time governor.

### LETTER FROM LINDGERGH

Congressman From Sixth District Starts Series of Letters Covering Conditions as he Sees Them

By Charles A. Lindbergh, Washington, D. C.

I may not be excused for writing occasional letters to the press on matters arising in congress in which the district is interested, for it is not customary for public officials to do so. But whatever may be the custom I shall feel justified if I can make these letters instructive. First, I shall confine myself to defining some existing conditions; subsequently, I shall attempt to show why these conditions exist.

Addressing myself to the Sixth district does not mean that my comments are confined to matters in which that district alone is interested, for one will find by consulting the conditions there and comparing them with conditions in other districts, that the common interests of all, on material matters, are the same, and that all may and should act in concert for the general welfare. No district is in better position to appreciate that than the sixth; for in the variety of industrial, commercial and social interests it is not surpassed in half dozen of the 391 districts in the United States, and in the average intelligence of its people, it is probably not excelled. It has nearly 80 newspapers, numerous factories, producing many necessities of life, and, what is best of all, a rich farming country that is supporting on farms of diversified production more than 60 per cent of the district's population. None of its towns showed at the last census a population of 10,000 people, but more than 40 have a population of from 500 to nearly 10,000. With a superb climate, and with lakes, rivers and forests in great abundance, it furnishes interesting diversions to its people and to many others who come there annually from other parts of the country to camp, hunt, fish and become invigorated from its pure and bracing air. Such conditions are ideal for an intelligent development and influence.

There is a broad field for improvement in the character of the official work that is being done at our capital city. I believe that progress will be achieved sooner by the people controlling their representatives in congress than by leaving it entirely to the initiative of the representatives; for unless the people assume more active control, experience shows, the selfish interests will do so, and for selfish purposes. It is here again a question of where the greatest activity shall come from, whether from the people or from the selfish interests. In the past, it has been from the side of the latter, and no doubt these interests propose to continue thus. But the people hold the power of veto in the elections, which they may employ ultimately to defeat the selfish. The secret of public success is to know how to vote. The secret of selfish success is to prevent intelligent voting. I do not attempt to indicate how one should vote; that
